MESSAGE TO PARENTS

Your boy should be a Scout, because :

1. ***Scouting Fills a Boy's Spare Time*** with healthy occupations in healthy company.

2. ***Scouting Gives a Boy Character*** which is essential to success in any career.

3. ***Scouting is not a Military Movement*** We are out to make good individual citizens, not a crowd of imitation soldiers.

4. ***Scouting Gives a Boy Opportunities for Service.*** Reverence to God and his neighbour is the basis of religion.

5. ***Scouting Makes a Boy Handy*** His hobbies are useful at home as well as interesting to himself.

6. ***Scouting Gives a Boy a Sense of Honour and Loyalty*** He will not let you down or tell you a lie.

7. ***Scouting Teaches a Boy Self-reliance*** so that he can fend for himself and help other people.

8. ***Scouting Gives a Boy Health*** Through open-air exercise and self care, he gains a sound mind in a healthy body.

9. ***Scouting Finds out a Boy's Natural Gifts.*** and so helps to find "Square holes for square pegs" in the choice of career.

10. ***Scouting Gives a Boy Happiness*** through cheery comradeship and the enjoyment of nature

11. ***Scouting Widens a Boy's Outlook*** since its branches in every civilized country are in mutual touch with one another.

12. ***Scouting will make a Man of Your Boy*** and the sort of man you would wish him to be.

Scouting is.....

Education for life,

Scouting complements the school and the family, filling needs not met by either. Scouting develops self knowledge, the need to explore, to discover, to want to know.

Scouts discover the world beyond the classroom, tapping the skills of others to learn and passing that knowledge on to others.

A Movement for youth

Scouting is a Movement... on the move. Evolving and adapting everywhere according to local conditions, serving according to local needs.

International

There are recognised Scout organizations and branches in more than 216 countries and territories.

Growing

Scouting has never stopped growing since its founding in 1907. Today there are more than 28 million members-boys and girls.

Scouting has doubled its membership in the last 20 years. Much of the growth is in developing countries.

Open to all

Scouting is open to all, regardless of race or creed, in accordance with the purpose, principles and method conceived by its Founder Robert Baden-Powell.

Fun, with a purpose

Through recreation, Scouting achieves its purpose to help young people develop physically, intellectually, socially and spiritually.

Also a challenge for adults

A chance to help young people. A way to improve the understanding between generations. In their service, adult leaders get valuable training and experience, adding to their personal development.

Voluntary

Scouts and leaders must choose to join Scouting.

Non-political, non-governmental

Scouting does not and must not represent any political party or organization. Nonetheless, Scouts are encouraged to make a constructive contribution to their community, society and country.

A Method :

Making a Personal commitment

- to a simple code of living : the Scout Promise and Law.

Learing by doing

- active participation, with others.

Working in small groups

- in patrols to develop leadership, group skills, and individual responsibility.

Stimulating programmes

- progressive activities based on the interests of young people. Activities in contact with nature, a rich learning environment where simplicity, creativity, and discovery come together to provide adventure and challenge.

A Code of Living :

A spiritual dimension

- a commitment to seek the spiritual value of life beyond the material world.

A social dimension

- participating in the development of society, respecting the dignity of others and the integrity of the natural world.

  promoting local, national and international peace, understanding and co-operation.

A personal dimension

- developing a sense of personal responsibility and stimulating the desire for responsible self-expression.

Scouts/Guides are involved in

Meeting real needs

- Scouts/Guides are involved in a vast number of issues facing the communities where they live.
- Scouts/Guides work with others in the community to achieve mutual objectives. They work with friends. neighbours, community leaders and other organisations.

Scouts / Guides are involved in....

1. Sanitation Promotion
2. Health (Pusle Polio Immunization Programme, Oral Rehydration Therapy etc.)
3. Literacy
4. Tree Plantation
5. Environment Protection
6. AIDS Awareness Programme
7. Leprosy Eradication
8. Campaign for Saving Drinking Water and Awareness.
9. Family Life Education
10. Community Service

GREETINGS FROM THE STATE CHIEF COMMISSIONER AND CHAIRMAN OF THE HOST COMMITTEE "3rd Asia Pacific Regional Scout Youth Forum"

I am extremely happy that for the first time in the History of Indian and Karnataka Scouting, we are privileged to Host the "3rd Asia Pacific Regional Scout Youth Forum, " at Besant Park, our State Training Centre, Doddaballapur, Bangalore, India, from 2nd to 4th October 2001.

I extend a very Warm and Affectionate Welcome to all the Delegates who are participating in the Forum from the Asian Countries of Australia, Singapore, Thailand, Korea, New Zealand, Phillipines, Japan, China, Bhutan, Bangladesh, Kenya, Tunisia from Arab & African Regional and from our country.

With the Additional Infrastructure facilities of a Dormitory, now named as "Baden Powell Bhavan" and the "Kitchen-cum-Dining Hall" which are also opened on the very auspicious day of "Gandhi Jayanthi" along with the Inauguration of the Youth Forum. Though a very strange coincindence, I trust and believe that it is Most appropriate that an International Movement Like Ours could not have selected any other Day than this auspicious Occasion of "Gandhi Jayanthi" which happens to be Birth Day of Father of our Nation "MAHATMA GANDHI", since the principles preached by a Great Saint of the Stature of "Mahatma" has all the Significance and Principles of the Basic objectives of our Movement.

Hope and Trust that the Youth Forum will be able to throw more light for enabling this International Youth Movement to stretch its Arms to more number

of Young Boys and Girls before it celebrates its Centnary Celebrations during 2007.

I wish each one of the participants a very interesting, purposeful and Faithful Interaction during their stay at Besant Park and enable each one of them to have 'Insight' into the present position of Youth's role in the Society and suggest methods for being adopted in making their ability and potential used properly in order to see that all of us together build a better and strong World, where we could find more and more Love and respect to each other.

Wish each one of you a very pleasant stay in our campus, which is spread over 100 acres of beautiful environment which makes feel that all of us are one and we have a specific role to play in making our environments much better than what we found them earlier.

Let us rededicate and resolve that we continue to liveup to the principles enuciated by our Founder Lord Baden Powell's last Message.

Let all our actions be to improve the environment and ensure that we by our act and deed continue to follow the ideals of our Founder and convey the same to more number of young Boys and Girls with all Humility at our Command.

Scouting In Karnataka

*Scouting started in the erstwhile State of Mysore under royal patronage more than eight decades ago in **1917** as THE BOY SCOUTS OF MYSORE, with the then **Maharaja Sri Krishnaraja Wadiyar** as its Patron and his brother the **Yuvaraja Sri Kanteerava Narasimharaja Wadiyar** as the Chief Scout of Mysore. The Former Princely State of Mysore issued a Government Order dated the **3rd October 1917**, directing that Scouting may be started in the schools in all the Districts of the State. THE GIRL GUIDES OF MYSORE, the sister organisation started ten years later in **1927** with the **Yuvarani** as Chief Guide. Both the organisations flourished in subsequent years with the support from the public and from the **Department of Public Instruction, Department of Youth Services and Sports** as well as from some of the other Departments of the **Government of Karnataka** and both remained as separate and distinct organisations until their merger with the present BHARAT SCOUTS & GUIDES in 1951.*

*During their long existence in the State over the years, both Scouting and Guiding marched steadily forward, with faith and hope, to reach their present status in number and quality. The strength of the two wings of the Movement, for the year **2000-2001** is **2,16,263.***

*The devoted services and efforts of the Former State Chief Commissioner **Late Sri. Kondajji Basappa** to develop Scouting and Guiding in Karnataka from **1964-1982**, and the development of the **Besant Park** Campsite and Founding the **Kondajji** Campsite near Davangere is laudable and remarkable in the history of Karnataka.*

3rd APR Scout Youth Forum

The World Organisation of Scout Movement encourages the conduct of Youth activities, such as Jamborees, Rover Moots, Exchange Programmes and Youth Forums at the World and Regional Levels.

Two Regional Youth Forums were conducted earlier in the Asia Pacific Region.

The First Forum in Singapore, from 15th to 17th June 1995.

The Second Forum in Hong Kong, from 22nd to 24th July 1998.

Karnataka State Bharat Scouts & Guides is given the proud privilege of conducting the "3rd Asia Pacific Regional Scout Youth Forum" for the first time in the history of Scouting in India. This Forum will be conducted at Besant Park, our State Training Centre, Doddaballapur from 2nd to 4th October 2001.

The participants are from ***Australia, Bangladesh, Bhutan, China, India, Japan, Korea, New Zealand, Philippines, Singapore, Thailand and One from African Region and One from Arab Region and delegates representing NCC and NSS.***

The Scouts in the age group of 18-26 gather at the Forum and articulate on wide range of issues. To name a few :-

- *Taking part in decision making process at all levels.*
- *Environment awareness*
- *Community Development*
- *Information Technology*
- *Family Life Education, etc.*

This youth programme is to discuss the following topics.

1. Youth involvement on global communications to promote Scouting.

2. Youth representation on regional committees and sub-committees.

The Youth Program is Multi-Dimensional. It is progressive process of education and personal development.

In 2007 Scouting will celebrate its Centenary, *one hundred years during which about half a billion young people invirtually from all countries and cultures will have pledged to live by the Scout promise and law.*

The ultimate success of this Scout Youth Forum must be measured by their power to attract more young people into better Scouting. So this Scout Youth Forum, while being special, must relate to everyday Scouting activities and Youth Programme, and not be isolated from them. Today's youth are the Leaders of Tomorrow.

FORUM RECOMMENDATIONS

We, the participants of the 3rd Asia Pacific Regional Scout Youth Forum from the countries of Australia, Bangladesh, Bhutan, Republic of China, India, Korea, New Zealand, Singapore and Thailand - with Kenya and Tunisia each representing African and Arab regions respectively as observers - recommend that :

☞ NSOs provide more opportunities for young people to be involved in the promotion of Scouting through global communications such as the internet, email and JOTA/ JOTI. We suggest NSOs implement strategies to raise the awareness and improve the availability of communication methods to young people, keeping them directly involved and informed through channels appropirate to each NSO.

☞ The Regional Scout Committee implement resolution Number 24-95 of the 19th Asia Pacific Regional Scout Conference, "That the APAJ/APIJ be held once a year during the first weekend in August." This highlights the importance of an activity that fully involves youth members in the promotion of Scouting through global communications.

☞ That there be at least one young member aged between 18-26 elected to the Regional Scout Committee and no less than two young members appointed to each of the Sub-Committees, namely Youth Programme, Management, Marketing, Financial Resources, Adult Resources, Public Relations and Information Communication Technology.

☞ NSOs provide adequate support and opportunities for young members to develop their knowledge and skills to a level to be effective in fulfilling their role at a regional level.

☞ The Asia Pacific Regional Scout Committee Regional 2007 Taskforce. Furthermore, NSOs who form similar 2007 Taskforces should also include at least one young member.

☞ In line with the World Programme Policy, which encourages all NSOs to implement a regular review of the Youth Programme; it is recognised that young members should be involved in reviewing the Youth Programme. Therefore, all NSOs should involve young members in this process.
